

# VFT-ORBIT-2 PERFORMANCE PACKAGE

## FASTER, SMARTER, BROADER RANGE

The new **Performance Package** unleashes even more powerful generating speed, accuracy, and uptime of the best-selling VFT-orbit-2. The package features a new intelligent tool system, fully-automated calibration, and an extended range.

### FASTER

- Up to 20%\* faster with *Performance Package* compared to regular VFT-orbit-2.

### SMARTER

- New intelligent tool concept with RFID technology enables fully automated and condition-based calibration, freeing operator time.
- New temperature and flow control sensors for faster feedback loop, process stabilization, and increased consistency.

### BROADER RANGE

- Wider working range up to 16.5 dpt.
- In-field VFT-orbit-2 generators can be upgraded by Satisloh technicians on-site with the *Performance Package* option. New VFT-orbit-2 generators can be ordered with *Performance Package* included.
- Through Tool Cooling-ready.

*BOOST THE PRODUCTIVITY, QUALITY & UPTIME OF YOUR VFT-ORBIT-2!*
